Staff Meeting Dates for the Year

All certificated staff must attend each staff meeting. The dates have been provided in advance. Do not schedule any appointments, meetings with parents, working with students or activities on these dates. In addition, students may not be in your classroom working during these meetings. All meetings are on Thursdays from 2:30 to 4:00. Classified may choose or be required to attend depending on topics to be discussed. In those cases, ample notice will be given.

On the Thursdays that we do not meet as a group, all departments should touch base. I will be available to meet with each department. I will try to save all concerns for specific students or questions for this time. All departments are required to email brief notes of the topics or students covered for me.

All other group communication will be done by mass email as much as possible. You may "reply to all" if a discussion is needed or if you have a question for everyone. I am hoping this process will cut down the frequency of needing to meet. For this reason, all staff are required to check their email daily.

A final note, other staff meetings may be scheduled throughout the year depending on need. In those cases, ample notice will be given. Teachers are also required to attend approximately 6 PTC meetings during the year.
